

Meridian Travel Assistance (fictional)
Customer Care team
Lyon

Lyon, 3 October 2026

Dear Ms Rochat,

I am applying for the position of Customer Support Specialist, French and English, reference MTA-CS-26, published on your careers page on 29 September 2026.

Your offer asks for written answers to travellers whose trip has gone wrong: for four years I did exactly that for a leisure clientele, by e-mail and on the phone, in both languages. It asks for someone who keeps a case open until it is closed: after a coach operator's bankruptcy in 2024 I listed thirty-one affected files in one morning, called each customer in order of departure, and wrote every promise down with its date.

I rewrote our cancellation checklist after that incident; refunds that took three weeks were settled in eight working days on the following cases. I trained two new agents in 2025.

I am available immediately, in Lyon or remote. I would be glad to talk about the role.

Kind regards,

Léa Fontaine
